

FINANCIAL MANAGEMENTFederal Impact Funds (Indian)

Federal impact funds are provided to the district as a supplement to taxes and other revenue sources. State appropriated funds and local taxes contribute to the development and implementation of a basic education program for all students enrolled in the district. The district gives assurance that tribes and parents of Indian children will be afforded the opportunity to make recommendations regarding the needs of their children and will be involved in the planning and development of the basic education program including those educational programs and services to be provided with P.L.81-874 funds. Indian students shall have the equal opportunity to participate in the district's program with other students.

Recognizing that the board is the ultimate authority in defining the educational program of the district, the superintendent shall establish procedures to assure the involvement of the tribe and parents of Indian students in the development of the basic education program including the education services to be provided with P.L.81-874 funds and the participation of Indian children in the program on an equal basis. The superintendent will provide opportunities for parents and members of the tribal council to suggest if any policy and/or procedure changes as well as program changes are necessary to better serve the needs of the Indian students.
