

SCHOOL FACILITIESFacilities Master Plan

In order to efficiently manage the district's present and future facilities needs, a facilities master plan shall be developed. Such plan shall cover a ten-year period, be developed in conjunction with the local comprehensive land-use plan and other growth management policies, be reviewed annually and include at least the following:

- A. A cost analysis of financial ability of the district to implement its facilities program;
- B. Existing and projected enrollment figures, including an analysis of the racial composition of the student population;
- C. An inventory of the district's undeveloped property and developed facilities, including an analysis of the number of students in each facility and whether the facility is over- or under-crowded.
- D. An analysis of the appropriateness of the facilities to meet the needs of students and members of the public, including their acceptability to students of both sexes and those with disabilities, all district services, programs and activities, when viewed in their entirety, shall be accessible to individuals with disabilities;
- E. Recommendations as to the sale or other disposition of district property not needed in the future; and
- F. Recommendations as to the acquisition, construction or modification of new sites or facilities and of how such shall better meet the needs of students and the educational program.
